

Chinese Made Easy for Kids 2010

Chinese Made Easy for Kids adopts a new approach to teaching Chinese as a second/foreign language. The primary goal of this series is to introduce to beginners — particularly primary school students — a solid foundation for learning Chinese as a second/foreign language. This series is designed to emphasise the development of communicational skills in listening and speaking. Materials include four full-colour textbooks (Books 1-4), each supplemented by an audio compact disc and workbook.
