28th & 29th Sept 2013

Limited Spaces

Level 3 Esoteric Acupuncture Advanced Energy Healing

with Dr. Mikio Sankey, Ph.D., L.Ac.

"The focus of Esoteric Acupuncture Advanced Energy Healing is to balance our multiple finer frequency levels and to raise consciousness, thus shifting our overall vibratory rate to a more harmonious positive frequency. This entails working on planes above the physical, etheric, astral and mental levels. Esoteric Acupuncture Advanced Energy Healing involves working on and balancing the non-form or spirit state. Other modalities address only, or possibly the form first to later balance some levels of the non-form." Dr. Mikio Sankey

Spiritual Side of Acupuncture

The healer must understand the emotional and mental fabric of the client and attempt to do the healing on the Soul level rather than merely to on the physical plane. If there is a heart to heart connection on the Soul level between the healer and the client, then the client will usually make a major change in his or her lifestyle, rather than only expect a physical cure.

Reaching the highest level of consciousness that is possible is to me the highest form of healing. The key is alignment.

Every human incarnated in the physical has the birth right to access and achieve everything in the inner planes that is possible to obtain. This means that all possibilities are open to each and every one of us. All possibilities include both the inner and outer worlds. We merely have to remember how to access these various levels of knowledge/wisdom.

Truly awakened consciousness is even more fundamental than the M-Theory of string (superstring) of theoretical physics. Some people call the awakened state of consciousness cosmic realization, Christ-consciousness, the transcendent state, soul realization, satori, nirvana, Samadhi, Buddha nature, or a number of other names.

During this two-day workshop Dr. Sankey will:

The focus is for practitioners to have a better grasp on how to select various patterns to use depending on the consciousness level of the client/patient.

Day 1: ■ Explain the "TIERS of DENSITY" #1- 6

- Discuss and demonstrate the unpublished patterns of:
 - Posterior Qi Flow, Anterior Qi Flow, The Hun Follows The Shen
 - Extended Indigo Triangle with the Yangming Treatment
 - Posterior Psychic Protection Grid and Anterior Psychic Grid Pattern

Day 2: ■ Hands-on PRACTICE of:

- Patterns,
- Diagnosis
- TIERS of DENSITY #1-6
- Time to ask specific questions on diagnosis, techniques, tools of activation, sequences, patterns and protection.

The focus is for Practitioners to have a better grasp on how to select various patterns to use depending on the consciousness level of the client/patient.
