

Dry Needling Publications February 2022

Dry Needling for Manual Therapists

GYER, MICHAEL & TOLSON

Designed to be a go-to reference for assessment and treatment planning in the clinic, this is a clear and concise handbook for dry needling, or medical acupuncture. Including detailed medical illustrations, and easy-to-follow instructions.

Special Price: \$87.55

Trigger Point Charts: Set of Two (Head, Shoulder, Arm & Trunk, Thigh, Leg) LEGGE David

Formulated by a clinician with 20 years of experience in collaboration with an anatomical graphic arts specialist, these charts clearly and beautifully display the locations and patterns of trigger points in all the major muscles. Each muscle is named and illustrated in a separate image.

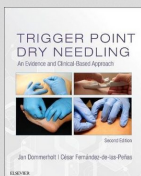

Special Price: \$22.00

Trigger Point Dry Needling: An Evidence and Clinical-Based Approach DOMMERHOLT Jan, FERNANDEZ-DE-LAS-PENAS Cesar

First book of its kind to include different needling approaches (in the context of evidence) for the management of neuromuscular pain conditions.

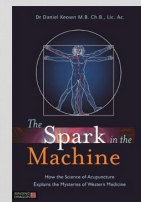

Special Price: \$96.85

Spark in the Machine: How the Science of Acupuncture Explains the Mysteries of Western Medicine KEOWN Daniel

The book shows how the theories of western and Chinese medicine support each other, and how the integrated theory enlarges our understanding of how bodies work on every level. Full of good stories, Dan Keown's book is essential reading for anyone who has ever wanted to know how the body really works.

Special Price: \$28.85

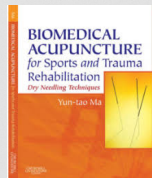

Biomedical Acupuncture for Sports and Trauma Rehabilitation: Dry Needling Techniques

MA Yun-Tao

This book shows techniques that will enhance athletic performance, accelerate recovery after intensive workouts, and speed trauma rehabilitation after injuries or surgeries. Evidence-based research is used to support the best techniques, with over 100 illustrations showing anatomy, injury, and clinical procedures.

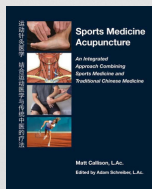

Special Price: \$103.65
